--NEW PATIENTS ONLY--

\$590 value! FREE

At Valley Dental we are committed to the very best dental care. With that commitment in mind, we are now offering a **FREE ZOOM Whitening** opportunity to **NEW PATIENTS**. To qualify for this \$590.00 valued treatment, we are asking for:

New Patients only

Receive a complimentary Zoom consult

Receive a Comprehensive Exam and any necessary x-rays

Have a healthy mouth (no cavities)

Schedule and keep your next dental cleaning at our office

If your teeth qualify, we will provide you with a pre-Zoom toothpaste. We need to have our Zoom recipients use this prescription toothpaste for 2 weeks prior to Zooming. The final commitment is on the patient's behalf. We need to have any patient receiving the free Zoom offer sign a letter of commitment to receive 2 dental cleanings at Valley Dental (one before Zoom and one 6 months after Zoom). We are committing the very best to our patients. We want them to give us the same level of commitment. This will also allow us to follow up all Zoom cases. The follow up is necessary to make the appropriate whitening maintenance choice.
